

To Enroll New Members

Enroll NEW retired members using the regular NCRSP 'cash pay' forms (CHECK). *New members joining now (and until June 30th) may pay ½ yearly dues, since we are half way through the membership year.* Their membership will run from the date they submit their check until the new membership year begins July 1, 2012. They will then pay full year dues for the 2012-13 year, either by check again or signing up for bank draft EFT. (Please write on the “cash pay” form for these new members the amounts for half of what you charge members for annual dues—which should total roughly \$53 instead of the \$106, i.e., ½ of NEA = \$12.50; ½ of NCAE = \$17; ½ of NCRSP= 15; ½ District= \$3.50 or whatever your district amount is; and ½ Local= \$5 or whatever your local amount is). Of course if the member has a NEA-R life membership, no NEA amount is needed.

Note: If a new member wants to buy a NEA-R Life Membership (\$200), that's fine, but don't allow them to pay ½ of that amount! It's still \$200 for that. You can collect ½ of the remaining dues (NCAE, NCRSP, district and local).
